

Regulatory Consultation Report

Disease Group	Melanoma Research Group
Research Manager	Sarah Hunt
Meeting Dates	4/5/11
CTO Representatives	Anne Daoust
Subject	DFCI Multi-Center Trial 06-056 / Site 'Close-Out' process

Narrative

This is where the narrative field will appear.

Sample: Melanoma Research Manager, Sarah Hunt, requested the Clinical Trials Office (CTO) to provide consultation and guidance with the close-out visit process for one of the sites participating in the Multi-Center Trial, Protocol #06-056.

Recommendation

This is where the recommendation field will appear.

Sample: Schedule close-out visit activities with site -- This site enrolled two participants who are both off study and have completed all related activities. The site has been closed through their local IRB. The close-out visit activities have been discussed, verified, and all follow up has been reconciled the site can then be close through the DFCI IRB.

Follow-up

This is where the follow-up field will appear.

(More text here, relating to follow-up.)
